BANGALORE

Dated 20th November, 1944.

No.1839/MIF.

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department, Public Offices,
Bangalore.

Sir,

I have the honour to state that the typewriter in use in the Mysore Implements Factory, Hassan, is getting out of order frequently owing to several parts having worn out. This machine is a German make by name Olympia, which was purchased early in July 1939 i.e., soon after the construction work of the factory started. Since that date this machine being the only one has been continuously worked, so much so, the machine has now become nearly obsolete. The work in the factory has increased considerably and owing to expansion on all sides, it is very difficult to manage with this one machine. I therefore request that sanction of Government may kindly be communicated for purchase of a brief size, pica type, underwood typewriter through the Stores Purchase Committee. The cost of this machine will be met from the current year's Capital Grant of the factory.

I have etc.,
